ELECTIVE CERTIFICATION FOR ARTS & CULTURE

WHO WE ARE

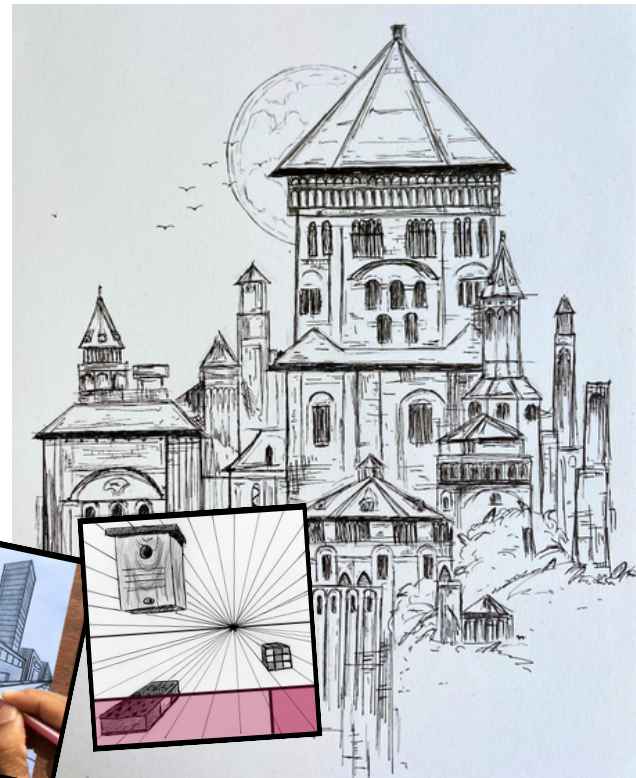

Richmond Hill Art School is one of the largest art education establishments in the GTA, proudly teaching students the foundations of fine arts. Our specialty is to deliver art education in a fun and engaging format, allowing students to explore their creativity. We collaborate with the TDSB and YRDSB schools on a variety of projects.

ARCHITECTURAL PERSPECTIVE LECTURE & HANDS-ON WORKSHOP

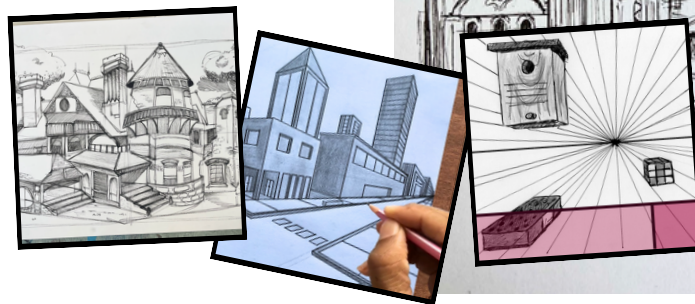

Participants of this workshop will explore the history of perspective and the development of the renaissance period to modern day. Students will be taught the true definition of perspective, learning how to define, utilize, and identify its advantages.

- Students will learn techniques of perspective, the 3 basic types.
- Drawing 3D forms and how to utilize them to define:
 1. Architectural perspectives and scale
 2. Understanding of drawing stairs
 3. Furniture and vehicles

Led by:
Ramon Storr

Ramon Storr is very passionate about art and design. Having taught at Toronto Mu (formally Ryerson) and in various areas of design creating concepts involving the understanding of proportion and scale. As well as the interest in perspective, Ramon is very involved with the aspects of the figure understanding anatomy and emotion, and how to convey this 3 dimensionally on a 2 dimensional plane.
